An electoral system or voting system is a set of rules that determine how elections and referendums are conducted and how their results are determined. Political electoral systems are organized by governments, while non-political elections may take place in business, non-profit organisations and informal organisations. These rules govern all aspects of the voting process: when elections occur ...

#### Electoral system - Wikipedia

Democracy is a system of government in which power is vested in the people and exercised by them directly or through freely elected representatives. The term is derived from the Greek 'demokratia,' which was coined in the 5th century BCE to denote the political systems of some Greek city-states, notably Athens.
