Philosophical Foundations of Ethics | US Business Ethics ...

People think management is all about making more and more profit and increasing your business but, only this is not true. This is only a part of it. In actual, for any organization to make long term profit and progress, it needs to follow certain ethics and principles. Employees should be treated well and in good manner, only then they will work properly and give their best to the organization.

Ethics in Management - The Foundation of Trust | Business ...

The need for the moral foundation for business arises from three areas:(1) The state creates and protects corporations, and the purpose of the state is to further society's interests. (2) The corporation itself is composed of a collective people.

This paper applies moral foundations theory in the context of consumer ethics. The purpose of the study is to examine whether moral foundations theory can be utilised as a theoretical framework to explain consumers' beliefs regarding both ethical and unethical consumption. The relationships among various moral foundations and different dimensions of consumer ethics are examined with a sample ...
