Peavey's PV6 and PV8 mixers have been updated to include a two-channel, 16-bit, 48kHz USB audio interface. What's more, they're available at a price that's accessible even if you're just starting out with home recording — so I was keen to see if they really do offer a complete system at a bargain price.

I needed a new mixer that supported a usb plug for recording to my laptop. I was using another brand, but I was having problems with it. The Peavey PV6 got good reviews from several sources. I even watched a Youtube video reviewing the Peavey PV6. The price point was great for what I was looking for.
