## **Transforming China: Globalization, Transition and ...**

At the end of the 1970s, China was a poor country with a huge population, ruled by the Chinese Communist Party. The domestic economy was organized through direct administrative instructions and was isolated from the international economy. After a quarter of a century, China has been transformed beyond imagination. In Transforming China Peter Nolan, one of the foremost experts on the Chinese ...

## **Transforming China : Globalization, Transition and ...**

The 'globalization' challenge involved identifying the best way in which to integrate China's economic system with the international economy at a time of revolutionary change in the global business system. Brought together in one collection for the first time, these seminal essays seek both to enhance understanding of China's immense success in meeting these challenges in the past and to provide an indication of the challenges that still lie ahead.
